### Teacher's at SAPS

Our teachers are a highly dedicated & professional team. All have the special qualities that distinguish a good teacher-patience and understanding. They are dynamic, relaxed and enthusiastic with the ability to create a friendly atmosphere in which the child can express himself and learn. They encourage the development of each child by providing security and warmth, emphasizing self-discipline more than authority and encouragement rather than punishment.

Our teachers are carefully chosen having aptitude and experience to teach the young children. Never satisfied with the tried and tested, they delight in creating more effective ways to explore and share knowledge thus breathing life into their teaching, thereby enabling our children to go beyond rote learning. Our teachers are here because they love teaching, they love kids and they love NATKHAT resulting in a dynamic, challenging, continuous and comprehensive in-service orientation, education and training programme for teachers through self motivated school based activities.
